Deadline for abstracts: **May 27th, 2016**

Deadline for registration: **July 29th, 2016**

Spin-photon interfaces

Nanoscale single-photon sources and detectors

Quantum networks with nanoscale devices

Applied quantum nanophotonics

Confirmed invited speakers:

Tim Taminiau (TUDelft, Netherlands)

Peter Lodahl (Niels Bohr Institute, Denmark)

Maiken Mikkelsen (Duke University, USA)

Wolfram Pernice (KIT, Germany)

The meeting is organised by members of the EC-funded FP7 WASPS consortium (grant agreement n° 618078.) and members of WG1 of the MP1403 Nanoscale Quantum Optics COST action.
